Experience

Frontend Laravel PHP Developer

June 2024 - Till Date

Technicul Cloud LLP | Mumbai

- Developed responsive, dynamic web applications using HTML, CSS, JavaScript, and Laravel.
- Created and integrated RESTful APIs for seamless backend communication.
- Enhanced user interaction through jQuery-based animations and AJAX functionality.
- Collaborated with designers to implement UI designs from Figma prototypes.
- Optimized website performance, ensuring faster load times and cross-browser compatibility.
- Used Git for version control to manage and deploy code efficiently.

Technical Skills

- **Frontend Development**:
  - * HTML5, CSS (Flexbox, Grid), JavaScript (ES6+).
  - * jQuery (DOM manipulation, animations)
  - * AJAX (dynamic content loading).
  - * Created mobile-first, responsive layouts using Bootstrap's grid system.
  - * Built dynamic, user-friendly forms with Bootstrap's validation classes and styles.
  - * Integrated Bootstrap's prebuilt components such as modals, dropdowns, navbars to enhance user interfaces.

- **Backend Development**:
  - * PHP (server-side scripting)
  - *Laravel (routes, controllers, Eloquent ORM, authentication, middleware).
  - * RESTful API (development and integration).

- **Design Tools**:
  - * Basic Figma (UI design, wireframing, prototyping).

- **SQL :**
  - * MySQL (database management).
